7/25/2015	Arts and Crafts Festival - special event Downtown Syracuse at Columbus Circle	Project Outreach Center 335 Montgomery St. Syracuse		I-81 Outreach Center was open during a portion of this festival located in Downtown Syracuse adjacent to the center. Project staff and NYSDOT were on hand to discuss the Project and respond to comments. Written comments were accepted.
8/8/2015	Central New York Festival Latino American - project information booth	Ward Bakery Park 200 Block Shonnard St. Syracuse		Spanish-speaking Project team members and a Spanish interpreter staffed an informational booth set up at festival to provide Project information and discuss the Project with attendees. Written comments were accepted.
8/10/2015	CenterState CEO	CenterState CEO 115 West Fayette St. Syracuse	15	NYSDOT provided CenterState CEO with an update on the Project.
9/20/2015	Westcott Street Cultural Fair-- project information booth	Westcott St. Syracuse		Project team members and NYSDOT staffed an informational booth set up at festival to provide Project information and discuss the Project with attendees. Written comments were accepted.
9/30/2015	Capital for a Day briefing	SKY Armory 351 S. Clinton St. Syracuse	100	This meeting was held as part of the Governor's Capital for a Day in Syracuse. Meeting consisted of a presentation and open house, which provided information on the development of the alternatives and the environmental review process as well as up-to-date Project information. Staff were on hand to discuss the Project with attendees. Written comments were accepted.
10/06/2015	Presentation at Syracuse University	Syracuse University University Ave. Syracuse		NYSDOT representatives discussed Project as guest lecturers in a Local Governments class
10/21/2015	Presentation at Syracuse University	Syracuse University University Ave. Syracuse		NYSDOT staff discussed Project as guest lecturers at the College of Engineering

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
	– College of Engineering			
10/28/2015	Sustainability SAWG	Project Outreach Center 335 Montgomery St. Syracuse	21	This meeting provided an overview of the scoping process including public scoping meetings, the timeframes, and methods for providing comments, and the process used to organize comments and provide responses.
10/29/2015	Community and Economic Development SAWG	Project Outreach Center 335 Montgomery St. Syracuse	24	This meeting provided an overview of the scoping process including public scoping meetings, the timeframes, and methods for providing comments, and the process used to organize comments and provide responses.
11/02/2015	City of Syracuse, Onondaga County	NYSDOT Region 3 office 333 E Washington St. Syracuse	14	Meeting regarding the Project
11/12/2015	ASHE/NYSATE Meeting	Crowne Plaza Hotel 701 E. Genesee St. Syracuse	50	NYSDOT gave presentation to this organization on the Project to date and the alternatives under consideration.
11/19/2015	Centro	200 Cortland Ave, Syracuse	3	NYSDOT discussed upcoming SAWG presentation of Bus Rapid Transit with Centro staff
11/20/2015	Syracuse University	Syracuse University University Ave. Syracuse	5	NYSDOT met with representatives of Syracuse University to hear about the University's future development plans.
11/25/2015	Samaritan Center	Samaritan Center 215 N. Salina St. Syracuse	3	NYSDOT met with executive director of Samaritan Center to discuss the services the Center provides to the homeless population. The facility is located in a church identified as a historic property.
12/1/2015	Community and Economic Development SAWG	Project Outreach Center 335 Montgomery St. Syracuse	28	Presentations by Frank Kobliski, Centro, and James D'Agostino, SMTC focused on their respective entities' transit initiatives.
12/2/2015	Sustainability SAWG	Project Outreach Center 335 Montgomery St. Syracuse	30	Presentations by Frank Kobliski, Centro, and James D'Agostino, SMTC focused on their respective entities' transit initiatives.
12/3/2015	Community meeting - Town of Salina	Liverpool Middle School 720 7th North St. Liverpool	200	Public meeting consisted of a presentation and informal open house on the Project status. Project team was available to discuss the Project and respond to questions from attendees. Written comment forms were available.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
1/27/2016	Community and Economic Development SAWG meeting	Project Outreach Center 335 Montgomery St. Syracuse	29	NYSDOT provided an overview of economic development considerations and a framework for how socioeconomic analyses will be incorporated into the Draft Environmental Impact Statement (Draft EIS).
1/28/2016	Sustainability SAWG meeting	Project Outreach Center 335 Montgomery St. Syracuse	20	NYSDOT provided an overview of economic development considerations and a framework for how socioeconomic analyses will be incorporated into the Draft Environmental Impact Statement (Draft EIS).
2/5/2016	Meeting with Congressman Katko and Senator DeFrancisco, Destiny USA officials, and representatives from Save81	Senator DeFrancisco's Office 333 E. Washington St. Syracuse	10	The meeting focused on potential tunnel alternatives. The group requested that NYSDOT evaluate a high speed, non-interstate tunnel that also would include the elements of the Community Grid Alternative.
3/25/2016	Stephen Buechner	NYSDOT Region 3 office 333 E Washington St. Syracuse	3	NYSDOT met with a local landscape architect who presented his concept of a "Central Park" incorporating a tunnel and community grid.
3/30/2016	Community and Economic Development SAWG	Project Outreach Center 335 Montgomery St. Syracuse	30	City of Rochester staff Jim McIntosh, Erik Frisch, and Baye Muhammad made a presentation on the Inner Loop Project.
3/31/2016	Sustainability SAWG	Project Outreach Center 335 Montgomery St. Syracuse	30	City of Rochester staff Jim McIntosh, Erik Frisch, and Baye Muhammad made a presentation on the Inner Loop Project.
4/8/2016	Centro	Centro 200 Cortland Ave. Syracuse	4	NYSDOT met with Centro Executive Director Frank Kobliski and Chief Executive Officer Rick Lee to discuss potential temporary and permanent Project impacts on their operations.
4/8/2016	Tri-State Transportation Campaign; ReThink 81	NYSDOT Region 3 office 333 E Washington St. Syracuse	3	NYSDOT gave an overview of the Project Status to date and heard the goals and objectives of the Tri-State Transportation Campaign.
4/20/2016	Syracuse Housing Authority (SHA)	Project Outreach Center 335 Montgomery St. Syracuse	5	SHA Executive Director Bill Simmons and Assistant Executive Director Dave Paccone discussed the major elements of their Master Plan with NYSDOT.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
4/20/2016	American Institute of Architects, CNY Chapter and Syracuse Housing Authority	Project Outreach Center 335 Montgomery St. Syracuse	10	SHA Executive Director Bill Simmons and Assistant Executive Director Dave Paccone as well as AIA representatives met with NYSDOT to discuss a new design concept that would shift the southern alignment of the Community Grid Alternative eastward so that it would pass beneath, rather than above, the New York, Susquehanna and Western Railway near Renwick Avenue.
4/20/2016	University Hill Corporation	Project Outreach Center 335 Montgomery St. Syracuse	8	Meeting held to discuss the Project status as well as potential new access to the University via Van Buren Street and issues associated with Dome events.
4/20/2016	Carlo Moneti	Project Outreach Center 335 Montgomery St. Syracuse	3	NYSDOT met with Mr. Moneti on his design concepts for replacement of the I-81 viaduct and the creation of a northern street grid. He presented some ideas on use of roundabouts and provided input on the need for the proposed “missing links” between I-690 and I-81.
4/21/2016	Syracuse University	Project Outreach Center 335 Montgomery St. Syracuse	4	NYSDOT met with SU representatives, who briefed NYSDOT on the University’s Master Plan. NYSDOT discussed the Project and solicited input.
4/21/2016	City of Syracuse	Project Outreach Center 335 Montgomery St. Syracuse	4	City staff met with NYSDOT to discuss accessibility for Southside residents; pedestrian safety; City’s ReZone Syracuse plan; and the need for connectivity from MLK, Jr. East to University Hill.
5/16/2016	ACTS Community Forum	Tucker Missionary Baptist Church, 515 Oakwood Ave Syracuse	100	Event sponsored by others. NYSDOT invited to hear concerns regarding property impacts and alternative designs for the Community Grid to re-route traffic under the railroad at MLK Elementary School
5/20/2016	F.O.C.U.S. Greater Syracuse presentation	City Hall Commons. 201 E. Washington St. Syracuse	30	NYSDOT provided an overview of the Project including the alternatives being considered. The presentation also included illustrations of pedestrian and bike paths and other Project features. NYSDOT urged the audience to continue to participate in the Project. Comment sheets were available.
5/31/2016	Maren King, Franklin Square Neighborhood Association	Teleconference with Project Director	2	Ms. King, a landscape architect who lives in Franklin Square, expressed her concerns to NYSDOT about a potential decrease in property values to the condominiums in Franklin Square if the I-690 to I-81 full interchange were to be constructed, and noted that flyovers create dead zones which could pose safety risks. She proposed a re-design of the Community Grid Alternative to include a street grid on the north side of I-690 similar to the one proposed by NYSDOT south of the interstate.
6/1/2016	Public Information Meeting on State’s	Syracuse Housing Authority	40	Real estate acquisition information session to provide an overview of the property acquisition process and relocation assistance program

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
	Real Estate Acquisition Information Southside	Central Village Boys & Girls Club 212 Van Buren St. Syracuse		
6/2/2016	Public Information Meeting on State's Real Estate Acquisition Information Downtown	Project Outreach Center 335 Montgomery St. Syracuse	50	Real estate acquisition information session to provide an overview of the property acquisition process and relocation assistance program
6/2/2016	Public Information Meeting on State's Real Estate Acquisition Information Northside	Assumption Church Parish Center 812 North Salina St. Syracuse	30	Real estate acquisition information session to provide an overview of the property acquisition process and relocation assistance program
6/9/2016	Stakeholders' Committee meeting	HW Smith School 1130 Salt Springs Rd. Syracuse	200	Meeting consisted of a presentation and informal open house on the common or similar features of the Viaduct and Community Grid alternatives and updated designs for each. Project team was available to discuss the Project and respond to questions. Written comments were accepted. Spanish-language interpreter was available. Sign language services were provided.
6/10/2016	SUNY Upstate Medical University	SUNY Upstate Medical University 750 E. Adams St. Syracuse	4	NYSDOT discussed SUNY Upstate's plans for future development and how they would potentially relate to the Community Grid Alternative.
6/29/2016	Section 106 Consulting Parties	Project Outreach Center 335 Montgomery St. Syracuse	10	The purpose of this meeting, which initiates consultation in the Section 106 process for the I-81 Viaduct Project, was to provide an overview and update on the status of the Project, the Section 106 process, and the identification of historic properties. This meeting provided Consulting Parties with an opportunity to participate in the consultation process.
6/29/2016	Sustainability SAWG	Project Outreach Center 335 Montgomery St. Syracuse	15	Presentation by Owen Kerney, City of Syracuse, and discussion on ReZone Syracuse, the City's rezoning plan
6/30/2016	Community and Economic	Project Outreach Center 335 Montgomery St.	21	Presentation by Owen Kerney, City of Syracuse, and discussion on ReZone Syracuse, the City's rezoning plan

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
	Development SAWG	Syracuse		
7/6/2016, 8/9/2016, 11/17/2016, 4/18/2017, 4/27/2017, 5/8/2017, 5/24/2017, 7/18/2017	Urban Design Technical Advisory Panel (UDTAP)	EDR 217 Montgomery St. Syracuse	20/meeting	As part of the effort to produce high quality urban design for the Project, NYSDOT established an Urban Design Technical Advisory Panel (UDTAP). The panel comprises a group of design and design-related professionals with specialized knowledge and experience in urban design. Five of the members are architects and/or landscape architects and two represent the City of Syracuse. The panel's purpose and mission is to provide NYSDOT with guidance and ideas to improve, enhance, and augment the Project designs as they are being developed. Members are asked to serve in an advisory capacity to NYSDOT and provide input and ideas on the landscape, urban design elements, and aesthetics of the Project. Meetings have focused on the proposed West Street and Onondaga Creek improvements (July 6, 2016), Almond Street and the potential southern gateway (August 9, 2016), proposed bicycle/pedestrian improvements and other improvements to local streets (November 17, 2016), and potential improvements north of I-690 including urban design and gateway treatments (April 18, 2017; April 27, 2017; May 8, 2017; May 24, 2017; and July 18, 2017).
7/11/2016	Destiny USA	NYSDOT Region 3 office 333 E Washington St. Syracuse	4	NYSDOT met with Destiny USA representatives to discuss their concerns regarding the status of a potential tunnel option; the removal of I-81 from the City; the "missing links" between I-81 and I-690; and possible use of Bear Street.
7/13/2016	Onondaga Nation, State Historic Preservation Office	NYSDOT Region 3 office 333 E Washington St. Syracuse	5	Section 106 process and cultural resource survey limits were discussed with emphasis on the Viaduct and Community Grid Alternative's proposed vertical disturbance. Also discussed why vertical extent of any disturbance is important. Both groups requested additional information to continue their review of the proposed study limits.
7/13/2016	Near Westside Initiative	NYSDOT Region 3 office 333 E Washington St. Syracuse	3	NYSDOT met with Marilyn Higgins, representative of the Near West Side Initiative, who advised NYSDOT of future development plans for the Near Westside.
7/25/2016	NYS Truck Association	NYSDOT Region 3 office 333 E Washington St. Syracuse	2	NYSDOT met with a representative of this group to hear its concerns about truck travel times and routes. Traffic data was shared and discussed.
7/29/2016	Arts and Crafts Festival - special event	Project Outreach Center 335 Montgomery St. Syracuse		I-81 Outreach Center was open during a portion of this festival located in Downtown Syracuse adjacent to the center. Project staff and NYSDOT were on hand to discuss the Project and respond to comments. Written comments were accepted.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
	Downtown Syracuse at Columbus Circle			
8/3/2016	City of Syracuse	NYSDOT Region 3 office 333 E Washington St. Syracuse	6	NYSDOT provided City representatives with update on Project including alternative designs and common features; interstate access points; the proposed conversion of one-way streets to two-way streets; and potential pedestrian and bicycle accommodations.
8/3/2016	Syracuse University	NYSDOT Region 3 office 333 E Washington St. Syracuse	4	Representatives of SU met with NYSDOT to discuss campus framework including enhancements to main campus.
8/4/2016	Joint SAWG Bus Tour	Project Area	20	NYSDOT led a bus tour to examine existing conditions. Tour consisted of three stops with brief walking tours. The stops were the southern segment of the viaduct at the intersection of Almond Street and Burt Street; (2) a NYSDOT parking lot, beneath I-81 and I-690, located between Willow and James Streets and Warren and State Streets; and (3) a portion of eastbound I-690 that was closed for repairs.
8/5/2016	Norman Swanson, Woodbine Group.	NYSDOT Region 3 office 333 E Washington St. Syracuse	2	NYSDOT met with business owner and developer with properties in the Lakefront area. Topics included concerns about business and development impacts from potential removal of a portion of Genant Drive.
8/4/2016	Tim Rudd	Project Outreach Center 335 Montgomery St. Syracuse	2	NYSDOT met with resident and contributing writer to the Syracuse Post Standard for project background related to an Op-ed piece he was writing about the Project.
8/13/2016	Central New York Festival Latino American - project information booth	Ward Bakery Park 200 Block Shonnard St. Syracuse		Spanish-speaking Project team members and a Spanish interpreter staffed an informational booth set up at festival to provide Project information and discuss the Project with attendees. Written comments were accepted.
8/16/2016	Josh Podkaminer, JWP Management	Project Outreach Center 335 Montgomery St. Syracuse	1	NYSDOT met with this property owner and manager of property in Downtown and Franklin Square to discuss his concern about potential loss of parking in Downtown and the potential impact of increased cost of parking, especially for low wage workers, as well as the potential acquisition of a portion of his commercial property in Franklin Square.
8/18/2016	Senator David Valesky	Project Outreach Center 335 Montgomery St. Syracuse	6	NYSDOT briefed Senator and his staff on the Viaduct and Community Grid Alternatives and the dismissal of other alternatives from further consideration.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
8/23/2016	Peter Sarver, Tony Mangano, Bob Haley, Barry Lentz	Project Outreach Center 335 Montgomery St. Syracuse	4	NYSDOT met to discuss how NYSDOT could best use the advisory groups to elicit comment and distribute information. Discussion also included methods for continued engagement of environmental justice communities.
8/23/2016	Television Appearance on WCNY- "Insight"	Broadcast across the local television airwaves in CNY viewing area		NYSDOT Project Director was interviewed by Jim Aroune (VP of Radio and TV Operations). Discussion included the Project alternatives, schedule, and potential property impacts.
8/24/2016	SUNY Upstate Medical University, Crouse Hospital, VA Hospital, St. Joseph's Hospital, Hutchings Psychiatric Center, Loretto, SUNY Upstate Medical University	SUNY Upstate Campus Activity Bldg. 750 E. Adams St. Syracuse	9	Meeting included an overview of the Project and the alternatives. Topics discussed included routes now used by ambulances and emergency services to travel to hospitals, as well as issues involved with this travel; proposed access routes to the hospitals under each alternative; transportation for hospital workers; and potential construction impacts.
9/18/16	Westcott Street Cultural Fair– project information booth	Westcott St. Syracuse		Project team members and NYSDOT staffed an informational booth set up at festival to provide Project information and discuss the Project with attendees. Written comments were accepted.
9/20/2016	Local Hiring Advisory Group (Urban Jobs Task Force, Center for Community Alternatives, Vision for Change, Jubilee Homes, Northside UP, Greater, Syracuse HOPE, SUNY EOC, CenterState CEO, University Hill Corp.,	Project Outreach Center 335 Montgomery St. Syracuse	11	NYSDOT invited this group to discuss ideas on how the Project can create local jobs for those living in high poverty areas and to partner with these organizations to distribute information about the Project, for training specific to highway construction, and job placement on the Project. Project-specific information was presented and discussed.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
	Brackens Financial Network)			
9/21/2016	Centro	NYSDOT Region 3 office 333 E Washington St. Syracuse	3	NYSDOT met with Executive Director Frank Kobliski to discuss traffic management during construction.
9/21/2016	Northside Group Meeting	Samaritan Center at St. John the Evangelist Church 215 N. State St. Syracuse	100	Event sponsored by others. NYSDOT attendance acknowledged to hear concerns regarding connections between I-690 and I-81, Butternut Bridge alignment, historic properties and Northside and Franklin Square neighborhood concerns.
9/28/2016	Syracuse Housing Authority	SHA 516 Burt St. Syracuse	3	NYSDOT met with Executive Director Simmons and Deputy Executive Director Paccone to discuss potential acquisition of the SHA maintenance garage under Viaduct and Community Grid Alternatives. The meeting also included a discussion of the progress of the SHA Master Plan. Notices of the October 6, 2016 Open House were given to SHA for distribution to its residents.
9/29/2016	Ben Ogden / BDO Properties	NYSDOT Region 3 office 333 E Washington St. Syracuse	4	NYSDOT met with owner of property identified for possible acquisition under the Viaduct Alternative. Current tenant, at the time of this meeting, is a Buddhist Temple.
9/30/2016	Louis Fournier / Sutton Real Estate	Sutton Real Estate Franklin Square Syracuse	4	NYSDOT met with owner of property identified for possible acquisition under the Viaduct Alternative.
10/4/2016	Alan Smith and David Reale	400 Burnet Ave. Syracuse	4	NYSDOT met with owner of property identified for possible acquisition under the Viaduct Alternative.
10/4/2016	Tobin's Wood Furniture	Tobin's Wood Furniture, 791 Canal St. Syracuse	4	NYSDOT met with owner of property identified for possible acquisition under the Viaduct and Community Grid Alternatives.
10/4/2016	Veteran's Fastener Supply	Veteran's Fastener Supply 117 Butternut St. Syracuse	4	NYSDOT met with owner of property identified for possible acquisition under the Viaduct and Community Grid Alternatives.
10/6/2016	Open House	Oncenter 800 S. State St. Syracuse	600	The five-hour open house included numerous display boards, twenty- and fifty-scale illustrations of the alternatives, recorded and live presentations, a video on bicycle/pedestrian improvements, and videos of traffic simulations, which represented traffic conditions in 2050 under the Viaduct and Community Grid Alternatives. The purpose of the open house was to provide up-to-date information on the Project alternatives. NYSDOTs were on hand to discuss the

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
				Project with attendees. Sign language services were provided. Spanish-language interpreters were available; in addition, services to provide over-the-phone language interpretation for 368 languages upon request were offered. Attendees were offered comment sheets to submit their comments in writing.
10/7/2016	Onondaga Nation briefing	NYSDOT Region 3 office 333 E Washington St. Syracuse	4	NYSDOT provided representatives of the Onondaga Nation with the various alternatives under development. Discussed EIS process and ongoing engagement of the Onondaga Nation
10/11/2016	St. Joseph's Health Center; Franklin Properties; Northside UP; CenterState CEO; Davco Performance Auto	St. Joseph's Hospital 301 Prospect St. Syracuse	5	NYSDOT met with this group to discuss their concerns about possible reduction in property values with new proposed links between I-690 and I-81; disruptions to businesses; lack of connection between Northside and Armory Square; and emergency routes and overall impacts to the Northside.
10/17/2016	City of Syracuse – Mayor Stephanie Miner	Project Outreach Center 335 Montgomery St. Syracuse	3	NYSDOT met with Mayor Miner, briefing her on Project status and Viaduct and Community Grid Alternatives.
10/18/2016	Assemblyman Bill Magnarelli	Project Outreach Center 335 Montgomery St. Syracuse	5	NYSDOT staff met with the State Assemblyman whose district includes portions of the Project Area. Concerns included potential for increased traffic and risks to pedestrians, particularly new Americans, along City streets if local streets are used to distribute more traffic in place of I-81, and discussion of potential tunnel options.
10/18/2016	Neighborhood meeting –Eastside	Henninger High School 600 Robinson St. Syracuse	60	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 10/6/16 Open House. The open house portion included numerous display boards, twenty- and fifty-scale illustrations of the alternatives, a video on bicycle/pedestrian improvements, and videos of traffic simulations, which represented traffic conditions in 2050 under the Viaduct and Community Grid Alternatives. NYSDOT's were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
10/19/2016	Community meeting – Skaneateles	Skaneateles High School 49 E. Elizabeth St. Syracuse	120	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 10/6/16 Open House. The open house portion included numerous display boards, twenty- and fifty-scale illustrations of the alternatives, a video on bicycle/pedestrian improvements, and videos of traffic simulations, which represented traffic conditions in 2050 under

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
				the Viaduct and Community Grid Alternatives. NYSDOT's were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
10/19/2016	SUNY Upstate Medical Center	NYSDOT Region 3 office 333 E Washington St. Syracuse	8	NYSDOT met with SUNY Upstate to discuss their proposed development at corner of Almond and Adams Streets.
10/19/2016	Syracuse University, SU Center of Excellence, FAST Feasibility Study team	Syracuse University Center of Excellence 727 E. Washington St. Syracuse	6	NYSDOT met with team members of Feasibility Assessment of Syracuse Transportation Alternatives (FAST) to hear about their study on alternative means of transportation in corridors within the City.
10/20/2016	Neighborhood meeting – Northside	Grant Middle School 2400 Grant Blvd. Syracuse	60	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 10/6/16 Open House. The open house portion included numerous display boards, twenty- and fifty-scale illustrations of the alternatives, a video on bicycle/pedestrian improvements, and videos of traffic simulations, which represented traffic conditions in 2050 under the Viaduct and Community Grid Alternatives. NYSDOT's were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
10/24/2016	SMTC	NYSDOT Region 3 office 333 E Washington St. Syracuse	3	NYSDOT met with SMTC to discuss SMART transit study.
10/24/2016	Destiny USA/Pyramid Management	Destiny USA Destiny USA Drive Syracuse	5	NYSDOT met with principals of Destiny USA. Topics discussed included the status of the Project; the possible use of Bear Street as a connection between I-81 and I-690; development of land to the east of I-81; and possible effects on Northside environmental justice populations.
10/26/2016	Neighborhood meeting – Downtown	Syracuse Institute of Technology 258 E. Adams St. Syracuse	25	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 10/6/16 Open House. The open house portion included numerous display boards, twenty- and fifty-scale illustrations of the alternatives, a video on bicycle/pedestrian improvements, and videos of traffic simulations, which represented traffic conditions in 2050 under the Viaduct and Community Grid Alternatives. NYSDOT's were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
10/28/2016	Jubilee Homes of Syracuse, Inc.	Jubilee Homes 119 South Ave. Syracuse	2	NYSDOT met with Executive Director and staff of this organization, which represents 100 households and number of small businesses in the Southside, to discuss their interest in creating jobs for inner city unemployed and business and economic development opportunities that could be created, particularly under the Community Grid Alternative.
11/1/2016	Downtown Committee	Hotel Syracuse 100 E. Onondaga St. Syracuse	10	NYSDOT discussed the Downtown Committee and hotel's concerns about maintaining a vibrant pedestrian corridor and convention center area. Topics included potential bike and pedestrian improvements in the area between the hotel and the convention center and vehicular traffic movements along some of the east-west streets through Downtown.
11/1/2016	Neighborhood meeting – Westside	Fowler High School 227 Magnolia St. Syracuse	20	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 10/6/16 Open House. The open house portion included numerous display boards, twenty- and fifty-scale illustrations of the alternatives, a video on bicycle/pedestrian improvements, and videos of traffic simulations, which represented traffic conditions in 2050 under the Viaduct and Community Grid Alternatives. NYSDOT's were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
11/2/2016	Neighborhood meeting – Southside	Dr. King Elementary School 416 E. Raynor Ave. Syracuse	40	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 10/6/16 Open House. The open house portion included numerous display boards, twenty- and fifty-scale illustrations of the alternatives, a video on bicycle/pedestrian improvements, and videos of traffic simulations, which represented traffic conditions in 2050 under the Viaduct and Community Grid Alternatives. NYSDOT's were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
11/9/2016	Syracuse Common Council, Transportation Committee	Syracuse Common Council Chambers 233 E. Washington St. Syracuse	55	NYSDOT staff gave a brief overview of the Project including the alternatives.
11/10/2016	2016 Tax and Financial Planning Conference	Double Tree Hotel 6301 State Route 298 East Syracuse	100	NYSDOT presented a Project overview to this audience as part of the larger conference agenda.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
11/11/2016	Assemblyman Bill Magnarelli	Assemblyman’s Offices Hughes State Office Bldg. 333 E. Washington St. Syracuse.	2	NYSDOT provided the Assemblyman with further details on potential Project designs near Franklin Square. Topics discussed included the effects of the existing highway on the Northside and the potential effects of traffic along North Salina Street on immigrant community.
11/15/2016	Downtown Committee	Project Outreach Center 335 Montgomery St. Syracuse	15	NYSDOT met with the Board of Directors and staff of Downtown Committee. Topics included the dispersal of traffic through Downtown streets and the new proposed connections between I-690 and I-81.
11/15/2016	Community meeting – DeWitt	Jamesville–DeWitt High School 6845 Edinger Dr. Dewitt	100	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 10/6/16 Open House. The open house portion included numerous display boards, twenty- and fifty-scale illustrations of the alternatives, a video on bicycle/pedestrian improvements, and videos of traffic simulations, which represented traffic conditions in 2050 under the Viaduct and Community Grid Alternatives. NYSDOTs were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
12/1/2016	Local Hiring Roundtable	Project Outreach Center 335 Montgomery St. Syracuse	30	NYSDOT facilitated this meeting attended by more than 40 organizations to discuss opportunities for job training, job advocacy, and/or job placement. Topics included local hiring preferences and the need to continue to engage these organizations for input and to distribute information about the Project to their constituencies.
12/5/2016	Syracuse University	Project Outreach Center 335 Montgomery St. Syracuse	7	Representatives of Syracuse University discussed potential access points from I-81 and I-690 with NYSDOT.
12/6/2016	Interdenomination al Ministerial Alliance	Project Outreach Center 335 Montgomery St. Syracuse	5	NYSDOT staff met with several inner city pastors to provide them with an overview of the Project and to discuss, among other topics, their concerns related to the history of the original construction of I-81, which they said divided the City and destroyed African-American and Jewish neighborhood; potential for local hiring as part of the Project; and acquisitions as a result of the Project. NYSDOT clarified that while the SHA maintenance building is proposed for acquisition under both build alternatives, no residential acquisitions in the Southside are anticipated at this time.
12/6/2016	Community meeting – Cicero	Cicero-North Syracuse High School 6002 NYSR 31 Cicero	80	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 10/6/16 Open House. The open house portion included numerous display boards, twenty- and fifty-scale illustrations of the alternatives, a video on bicycle/pedestrian improvements, and

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
				videos of traffic simulations, which represented traffic conditions in 2050 under the Viaduct and Community Grid Alternatives. NYSDOT's were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
12/7/2016	Northside CYO Citizenship Class	Northside CYO 527 N. Salina St. Syracuse		Project staff presented at English-language and citizenship classes to provide Project-related information and answer questions of LEP individuals. Comment forms were available.
12/8/2016	Owen Kerney (City of Syracuse)	NYSDOT Region 3 office 333 E Washington St. Syracuse	5	NYSDOT met to discuss potential effects on Downtown parking under each alternative and the City's treatment of parking under its new rezoning plans.
12/8/2016	Peter Muserlian	NYSDOT Region 3 office 333 E Washington St. Syracuse	2	Property owner and developer met with NYSDOT to discuss potential effects on his properties resulting from building alternatives.
12/12/2016	Jubilee Homes of Syracuse, Inc.	Jubilee Homes 119 South Ave Syracuse	30	Event sponsored by others. NYSDOT invited to attend. Informal gathering. Neighbors, elected officials, Inner-City clergy and business leaders shared their thoughts to NYSDOT on the Project.
12/14/2016	Public forum sponsored by State Senator John DeFrancisco	Henninger High School 600 Robinson St. Syracuse		Event sponsored by others. NYSDOT representatives participated in a panel in an event hosted and moderated by Senator DeFrancisco. NYSDOT responded to questions from panel of elected officials and an engineering consultant.
12/19/2016	Assemblywoman Pamela J. Hunter	Project Outreach Center 335 Montgomery St. Syracuse	3	NYSDOT met with the Assemblywoman, whose district includes portions of the Project Area, to provide an overview of the Project and solicit input.
12/20/2016	Syracuse Housing Authority	Project Outreach Center 335 Montgomery St. Syracuse	5	SHA representatives presented SHA's Master Plan to NYSDOT including their housing relocation and redevelopment plan.
12/28/2016	Mike Metzgar Onondaga Community College Office of Workforce and Economic Development	110 Montgomery St. Syracuse	2	Topics included local hiring preferences and training for skills needed for the construction of the Project, as well as ways to collaborate between OCC, NYSDOT, and those who are unemployed or underemployed.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
1/4/2017	Deputy County Executive Bill Fisher	Project Outreach Center 335 Montgomery St. Syracuse	1	Topics included the need for a regional solution that would address both City and Countywide concerns and potential tunnel option.
1/17/2017	American Society for Quality, Syracuse Chapter	1370 Burnet Ave. Syracuse	35	Meeting with group of small business owners to provide them with an overview of the Project. Topics included construction schedule, jobs, and the process in advancing or dismissing alternatives such as a tunnel concept.
1/27/2017	City of Syracuse Common Council President Van Robinson	Syracuse Common Council 233 E. Washington St. Syracuse	2	NYSDOT discussed suggestions on such topics as job creation, opportunities for new businesses, and neighborhood revitalization by providing funding to homeowners to improve properties located in the Southside.
1/30/2017, 2/16/2017, 5/ 8/ 2017	City of Syracuse Department of Parks, Recreation and Youth Programs representatives; City of Syracuse representatives; Syracuse Housing Authority representatives	Project Outreach Center 335 Montgomery St. Syracuse and Wilson Park Syracuse	6	The Project would require the temporary occupancy of Wilson Park, a two-acre neighborhood park that is afforded special protection under Section 4(f), during construction. Accordingly, NYSDOT coordinated with representatives of the agencies with jurisdiction over Wilson Park (City of Syracuse, Department of Parks, Recreation and Youth Programs, as well as Syracuse Housing Authority) to identify measures to minimize harm. Meetings were held to identify potential improvements to the park, which would be restored to the same or improved condition upon completion of construction. Measures discussed include the construction of a new basketball court to the west of the existing courts (the new court would be constructed prior to the removal of the affected court, so that two courts would continue to be available through the construction, and the third court would be built afterward); a regraded and reseeded playing field; a new splash pad; new fencing, bleachers, and benches; new drinking fountains; and other park improvements.
2/16/2017	Emergency Medical Transport Companies	Project Outreach Center 335 Montgomery St. Syracuse	12	NYSDOT met with medical transport companies to listen to their concerns about routes to and from hospitals, travel times, and routes around the City.
3/3/2017	Interdenominational Ministerial Alliance	311 S. Franklin St. Syracuse	2	NYSDOT met with Director of the IMA, at his request, to restate, among other issues, the minister's call for local hiring, the removal of the "physical barriers" between neighborhoods, the past treatment of the 15 th Ward, and the need to clarify to their congregations that the Project does not include acquisitions of SHA residences.
3/7/2017, 3/29/2017,	Northside UP I-81 Work Group	Project Outreach Center 335 Montgomery St.	15/meeting	A series of meetings were held with representatives of the Northside UP I-81 Work Group to discuss potential improvements in the area between I-690 and

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
4/13/2017, 6/8/2017, 10/11/2017	including representatives from Northside UP, St. Joseph's Hospital, Franklin Square HOA, and Northside business owner and developer	Syracuse		Hiawatha Boulevard under each build alternative. Topics discussed included concerns regarding the creation of a fully directional I-81/I-690 interchange; potential concepts for the Butternut Street bridge and its relocation; the extension of and improvements to Clinton Street; treatments for Bear, Butternut, and Clinton Streets as well as Genant Drive; the potential to channel traffic to the local street grid north of I-690 rather than the highway under the Community Grid Alternative; potential alternative modifications such as roundabouts and signalized intersection; and gateway and other aesthetic concepts.
3/20/2017	New York Civil Liberties Union CNY Chapter	Project Outreach Center 335 Montgomery St. Syracuse	4	NYSDOT met with Executive Director of the CNY chapter of NYCLU and their legislative counsel after CNY NYCLU raised concerns through an editorial in Syracuse.com dated 3/10/2017. The purpose of the meeting was to clarify the Project's potential property impacts, discuss the Viaduct and Community Grid Alternatives, and engage this organization and other stakeholders identified by the CNY NYCLU in further discussions about the Project, and potential impacts or benefits to environmental justice communities, and methods for continued targeted outreach.
3/29/2017	Building and Construction Trades job fair, sponsored in part by SHA and Center for Community Alternatives and SUNY Economic Opportunity Center	Syracuse Marriott Hotel 100 E. Onondaga St. Syracuse	400	NYSDOT staffed an informational table to provide Project information and discuss the Project with attendees. Written comments were accepted. Additionally, NYSDOT distributed over 100 applications for OJT for CDL program.
4/6/2017	Southside, Valley TNT, and Outer Comstock Neighborhood meeting	Southside Innovation Center 2601 South Salina St. Syracuse	75	NYSDOT was invited to present a Project overview and provide additional information on proposed improvements in the area between MLK, Jr. East and existing I-481. NYSDOT participated in a panel with a local business owner; representatives from SHA, Save81, and ACTS; and a professor of Environmental Justice at SUNY ESF. The purposes of the panel discussion included: to provide the audience with more information about the Project and to engage attendees in discussions about opportunities to create local jobs; to encourage attendees to

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
				become more involved in the Project; to explain potential building acquisitions; and to convey information about the Project schedule and decision-making process.
5/8/2017	New York Civil Liberties Union CNY Chapter; National Alliance Network, Southwest Community Center; CNY Fair Housing Council	Project Outreach Center 335 Montgomery St. Syracuse	18	At request of the CNYCLU, NYSDOT met to discuss a number of topics including but not limited to real property impacts, particularly to Southside and Pioneer Homes; eminent domain procedures and the relocation process; the SHA Master Plan; creation of local jobs; the review process and when information on potential construction effects and mitigation measures would be available for public review; methods for additional community outreach; and continued dialogue with these groups to assist in public engagement.
5/8/2017	Jonathan Link Logan, Northside UP	Telephone conference call	2	NYSDOT spoke with Mr. Logan to discuss potential revisions to Project designs north of I-690 and Northside UP's concerns.
5/10/2017	Empire State Association of Minority Contractors. Otis Jennings, President and Minority Master Trainer	Project Outreach Center 335 Montgomery St. Syracuse	3	NYSDOT received a presentation on the construction job training offered by this organization, and discussed the applicability of this program to the Project. Their focus is to bring construction training opportunities, with national certification, to inner-city residents and students in the Syracuse City School District.
5/17/2017	Norm Swanson	Project Outreach Center 335 Montgomery St. Syracuse	3	NYSDOT met with this local developer to discuss his plans to open a brewery in the Inner Harbor and potential effects on the building that would house the brewery, as well as other properties he owns, as a result of the Project build alternatives.
6/7/2017	City of Syracuse	NYSDOT Region 3 office 333 E Washington St. Syracuse	15	NYSDOT met with City representatives to provide an update on the Project. Topics discussed include potential concepts for Wilson Park improvements; pedestrian/bicycle improvements; and other design issues.
6/13/2017	Onondaga Nation	EDR 217 Montgomery St. Syracuse		NYSDOT, FHWA, and SHPO met with representatives from Onondaga Nation to discuss the vertical area of potential effect, and a draft plan for archaeological surveying and monitoring.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
6/13/2017	Loretto Health and Rehabilitation Center	700 E. Brighton Ave. Syracuse	8	NYSDOT met with Loretto representatives on site to view the property's ingress and egress locations, discuss potential concepts for the I-81/I-481 interchange, and solicit input.
6/17/2017	Juneteenth Festival	Clinton Square Syracuse	40	Project team members staffed an informational booth set up at festival to discuss the Project with attendees and provide Project information. Display boards and written materials were available. Written comments were accepted.
6/20/2017	Otis Jennings President and Minority Master Trainer, Empire State Association of Minority Contractors (ESAMC)	NYSDOT Region 3 office 333 E Washington St. Syracuse	5	NYSDOT met with this organization to discuss the Project as well as ESAMC's "On The Job" and other training opportunities, particularly for low income, minority, women, and City residents.
6/21/2017	WorkSmart NY	State Office Building 333 E. Washington St. Syracuse	40	NYSDOT presented an overview of the Project, as well as potential job and contracting opportunities, to minority-owned, women-owned, and disadvantaged business enterprises. Comment sheets were distributed.
6/21/2017	Feasibility Assessment for Syracuse Transit (FAST)	Syracuse University Center of Excellence 727 E. Washington St. Syracuse	60	NYSDOT participated in the Study and public presentation on transportation alternatives in the Project Area.
6/22/2018	Build to Work	Jubilee Homes 119 South Ave Syracuse	15	NYSDOT presented information on the Project related to local job training and opportunities, focusing on efforts in Environmental Justice communities.
7/5/2017	S.U. MPA Program	Syracuse University, Maxwell School of Public Administration 900 Irving Ave. Syracuse	100/event	NYSDOT joined a panel discussion on the status of the Project held for the incoming Master of Public Administration class.
7/6/2017	Assemblyman Bill Magnarelli	State Office Bld. 333 E. Washington St. Syracuse	6	NYSDOT met with the Assemblyman and his staff to provide a Project Update and discuss input receive by NYSDOT from the Northside group.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
7/11/2017	Jonathan Link Logan	NYSDOT Region 3 office 333 E Washington St. Syracuse	2	NYSDOT met with Northside UP representative to discuss concerns regarding potential traffic issues on the Northside as well as the need for the proposed new connectors between I-690 and I-81.

6/18/2019	Open House	Oncenter 800 S. State St. Syracuse	826	The five-hour open house included numerous display boards, a live presentation, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
				alternatives. The video was set to loop on a continuous basis throughout the Open House. The purpose of the open house was to provide up-to-date information on the Project alternatives. NYSDOT staff were on hand to discuss the Project with attendees. Sign language services were provided. Spanish-language interpreters were available; in addition, services to provide over-the-phone language interpretation for 368 languages upon request were offered. Attendees were offered comment sheets to submit their comments in writing.
6/19/2019	City of Syracuse, DEIS Committee	I-81 Outreach Center	30	Briefing on the content of the pDEIS/Questions on the EIS process and public engagement strategy.
6/20/2019	County Executive	County Executive Office	3	Community benefit enhancements for the suburbs outside of Syracuse.
6/25/2019	Neighborhood meeting – Northside	Henninger High School 600 Robinson St. Syracuse	68	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 6/18/19 Open House. The open house portion included numerous display boards, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct alternatives. The video was set to loop on a continuous basis throughout the meeting. NYSDOT staff were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
6/26/2019	Neighborhood meeting – Westside	Fowler High School 227 Magnolia St. Syracuse	31	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 6/18/19 Open House. The open house portion included numerous display boards, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct alternatives. The video was set to loop on a continuous basis throughout the meeting. NYSDOT staff were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
6/26/2019	SMTC Planning/Policy Committee	SUNY Oswego Metro Center, The Atrium	25	Briefing on the content of the pDEIS. Feedback: comments submitted.
6/27/2019	Syracuse University Senior Staff	IVMF main conference room @ Barclay	15	Briefing on the content of the pDEIS. Feedback: Request BL81 NB off ramp to back side of the University, Deadline for public comments, VanBuren access to the University, Construction impacts, Relieving congestion at Almond/Adams and Almond/Harrison, Gateway on the Southside of MLK, New University Gateway on Crouse/Irving.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
6/29/2019	World Refugee Day	Schiller Park Oak St. Syracuse		NYSDOT attended this event, providing members of environmental justice communities the opportunity to provide their input on the Project. Attendees were offered comment sheets to submit their comments in writing.
7/2/2019	SU-MPA Colloquium	SU		Panel discussion for Students.
7/9/2019	Community meeting – Western Suburbs	Town of Camillus (Gym) 4600 West Genesee St. Camillus	150	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 6/18/19 Open House. The open house portion included numerous display boards, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct alternatives. The video was set to loop on a continuous basis throughout the meeting. NYSDOT staff were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
7/10/2019	Assemblyman Magnarelli Hotel Owners/ Town of Salina	I-81 Outreach Center	15	Briefing on the content of the pDEIS. Feedback: Potential impacts on business interests located near I-81, Economic impacts to hotels and gas stations North Syracuse.
7/10/2019	Community meeting – Eastern Suburbs	East Syracuse Minoa High School 6400 Fremont Road East Syracuse	140	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 6/18/19 Open House. The open house portion included numerous display boards, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct alternatives. The video was set to loop on a continuous basis throughout the meeting. NYSDOT staff were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
7/11/2019	Neighborhood meeting – Southside	Dr. King Elementary School 416 E. Raynor Ave. Syracuse	84	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 6/18/19 Open House. The open house portion included numerous display boards, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct alternatives. The video was set to loop on a continuous basis throughout the meeting. NYSDOT staff were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
7/16/2019	Neighborhood meeting – Downtown	Syracuse Institute of Technology 258 E. Adams St. Syracuse	40	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 6/18/19 Open House. The open house portion included numerous display boards, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct alternatives. The video was set to loop on a continuous basis throughout the meeting. NYSDOT staff were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
7/16/2019	Neighborhood meeting – Eastside	HW Smith School 1130 Salt Springs Rd. Syracuse	64	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 6/18/19 Open House. The open house portion included numerous display boards, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct alternatives. The video was set to loop on a continuous basis throughout the meeting. NYSDOT staff were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
7/23/2019	Community meeting – Southern Suburbs	Grimshaw Elementary 5957 Route 20 Lafayette	174	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 6/18/19 Open House. The open house portion included numerous display boards, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct alternatives. The video was set to loop on a continuous basis throughout the meeting. NYSDOT staff were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
7/24/2019	Noise meeting – Area C	Dr. King Elementary School 416 E. Raynor Ave. Syracuse	340 Invited 4 Attended	NYSDOT hosted meetings for purposes of focusing on preliminary results of the noise analysis for the community grid and viaduct alternatives.
7/25/2019	Community meeting – Northern Suburbs	Cicero North Syracuse High School 6002 Route 31 Cicero	183	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 6/18/19 Open House. The open house portion included numerous display boards, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct alternatives. The video was set to loop on a continuous basis throughout the meeting. NYSDOT

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
				staff were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
7/26/2019	Arts and Crafts Festival - special event Downtown Syracuse at Columbus Circle	Project Outreach Center 335 Montgomery St. Syracuse		I-81 Outreach Center was open during a portion of this festival located in Downtown Syracuse adjacent to the center. Project staff and NYSDOT were on hand to discuss the Project and respond to comments. Written comments were accepted.
7/30/2019	Noise meeting – Area B	Cicero North Syracuse High School 6002 Route 31 Cicero	190 Invited 29 Attended	NYSDOT hosted meetings for purposes of focusing on preliminary results of the noise analysis for the community grid and viaduct alternatives.
8/2/2019	Destiny	Wolf Road Albany	4	Destiny discussed inner harbor improvements, Bear Street Corridor, and other transportation related issues associated with the Destiny Mall.
8/3/2019	CNY Latino Festival	Clinton Square Syracuse		Spanish-speaking Project team members and a Spanish interpreter staffed an informational booth at this festival to speak to attendees about the Project and provide Project information. Display boards and written materials were available. Written comments were accepted.
8/12/2019	Consulting Parties	NYSDOT Region 3 office, 7th floor Admin Training Conference room		Briefing to Consulting Parties.
8/12/2019	Onondaga Tribal Nation	NYSDOT Region 3 office, 7th floor Admin Training Conference room	4	Briefing to Consulting Parties.
8/14/2019	Noise meeting – Area A	Henninger High School 600 Robinson St. Syracuse	130 Invited 65 Attended	NYSDOT hosted meetings for purposes of focusing on preliminary results of the noise analysis for the community grid and viaduct alternatives.
8/15/2019	Noise meeting – Area D	DeWitt Community Room 148 Sanders Creek Pkwy East Syracuse	85 Invited 8 Attended	NYSDOT hosted meetings for purposes of focusing on preliminary results of the noise analysis for the community grid and viaduct alternatives.
8/17/19	Youth Day BBQ- Backpack Giveaway Event	South Salina & Wood Avenue		NYSDOT attended this event, providing members of environmental justice communities the opportunity to provide their input on the Project. Attendees were offered comment sheets to submit their comments in writing.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
8/28/2019	CNY Regional Planning Board	SMTC Conference Room	20	Briefing on the content of the pDEIS. Feedback: Diverted truck traffic through the Finger Lakes as a result of the CG, Timeframe for construction activities, Noise wall analysis.
8/30- 31/2019	La Feria at the New York State Fair	NYS Fair 581 State Fair Blvd. Syracuse		Spanish-speaking Project team members and a Spanish interpreter staffed an informational booth set up at La Feria, part of the New York State Fair, to speak to attendees about the Project and provide Project information. Display boards and written materials were available. Written comments were accepted.
9/5/2019	CenterState CEO	CenterState CEO East Fayette Street Syracuse	10	Review draft CenterState comments, Almond corridor width, Transit, Community benefit enhancements, Noise wall analysis, Jobs, Maintenance outside of curb, Signal coordination, MLK roundabout.
9/11/2019	Community meeting – Town of Salina	Chestnut Hill Middle School 200 Saslon Park Drive Liverpool	194	Public meeting consisted of a recorded presentation and informal open house using materials and information presented at the 6/18/19 Open House. The open house portion included numerous display boards, a video impact assessment, which consisted of specific viewpoints comparing existing conditions with proposed conditions for the community grid and viaduct alternatives. The video was set to loop on a continuous basis throughout the meeting. NYSDOT staff were on hand to discuss the Project with attendees. Spanish-language interpreters were available. Written comment forms were available.
9/17/2019	Downtown Committee of Syracuse	Tech Garden Theatre	20	Briefing on the content of pDEIS. Feedback: Comments on pDEIS is forthcoming from Downtown Committee. Focused on maintaining aesthetically pleasing characteristics downtown. Southern Gateway. Financing the project. Access to business during construction.
9/18/2019	Syracuse Housing Authority - Toomey Abbott	Toomey Abbott	75	Briefing on the content of pDEIS with a focus on area adjacent to Toomey Abbott. Feedback: Concerned with access to Toomey Abbott. Jobs for minorities, clarify that no one will be forced to relocate from their homes. Construction impact concerns related to air quality, noise, and dust. Impact to Wilson Park. Viability of window replacement.
9/18/2019	Syracuse Housing Authority - Pioneer Homes	Wilson Park Community Center	39	Briefing on the content of pDEIS with a focus on area adjacent to Pioneer Homes. Feedback: Advocacy for apprenticeship and traineeship programs. Transit accommodations during construction, property impacts. Noise barrier installation during construction. Protecting children attending MLK Elementary School. Sidewalk accommodations during construction.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
9/19/2019	CNY CLU	NYSDOT Region 3 office, 7th floor Planning conference room	3	CNYCLU provided their comments on the pDEIS. See comments in DEIS. Topics include environmental protections during construction for Dr. King School, Wilson Park impacts, Protecting the Environmental Justice Community, Long term vision plan.
9/22/2019	Westcott Street Cultural Fair– project information booth	Westcott St. Syracuse		Project team members and NYSDOT staffed an informational booth set up at festival to provide Project information and discuss the Project with attendees. Written comments were accepted.
9/25/2019	East Genesee Regent Association (EGRA)	Phoebe's Restaurant	20	EGRA district is bound by Almond Street, Erie Boulevard, Madison Street, Pine Street, with East Genesee Street, and East Fayette Street. The members consist of business owners, property owners, and not for profits. Feedback: Expressed support for Community Grid Alternative and were specifically interested with the work along Crouse, Irving, and Almond Streets. Quite a bit of discussion concerning the timing of construction (Crouse & Irving Phase 1) (& Almond Phase 2). Parking elimination on street, land freed up under CG, Access issues to businesses during construction.
10/16/2019	Loretto	NYSDOT Region 3 office, 7 th floor Planning conference room	7	Loretto is considering a new driveway and entrance off from Route 173 to access their facility. They would try to parallel the Interstate and would require the acquisition of two homes. This section of 173 is owned by the City of Syracuse so a follow up meeting with them is necessary. Water pressure to their facility is a problem and cannot be addressed by water supply on the East Glen Avenue bridge. A discussion concerning closure of Fillmore was also discussed to prevent pass thru traffic on private Loretto property if the new access off 173 was developed.
10/16/2019	Town Supervisors & Mayors of Onondaga County	OP Training Center 5450 S. Bay Road North Syracuse	30	Briefing on the content of the pDEIS. Feedback: Much conversation about changes to travel patterns on existing I481, new Business Loop 81, and Route 5 in Dewitt. Traffic Analysis process. Discussed drawbacks to tunnel alternatives as a viable build solution for the project. Conversation about transportation deficiencies outside the I81 Viaduct project mostly in the suburbs. Construction cost should not be a consideration as elected officials have promised they would get the necessary funding for the project the community wants. Explained level of service and signalized intersections along Business Loop 81. Very educational for supervisors and mayors to clarify some of the misinformation in the public.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
10/22/2019	Urban Jobs Task Force	I-81 Outreach Center	8	Workforce development/opportunities for training and local hiring. Discussion with Board Members of the Urban Jobs Task Force focused on collaborative efforts to create local jobs and establish workforce development programs related to the I81 Viaduct project. The meeting agenda included such ideas as terms and conditions in PLA's, creating a "Big Table" for all interested parties to meet and share ideas, new special specifications being drafted by NYSDOT Civil Rights Division for apprenticeship programs.
10/23/2019	Destiny	Destiny USA	5	Commissioner Dominguez meet and greet of Destiny Officials. General discussion of I-81 Viaduct Project as it relates to Destiny and the Inner Harbor area.
10/24/2019	NYSDEC	NYSDEC Region 7 office 615 Erie Blvd. West Syracuse		Meeting was a follow up to the August 15, 2019 agency coordination meeting. The purpose was to further discuss proposed stormwater management, combined sewer overflow reductions, and construction dewatering aspects of the proposed alternatives.
10/29/2019	St. Joseph's Health	St. Joseph's Hospital Defuria Conference Room	25	Community Meeting format for employees & adjoining neighborhood.
10/31/2019	Newsmaker, Channel 9 WSYR	WSYR Offices Bridge Street East Syracuse		https://www.localsyr.com/news/newsmakers/newsmakers-10-31-2019/
11/01/2019	CenterState CEO & SMTC	NYSDOT Region 3 office, 7 th floor Planning conference room	6	Meeting held to discuss two UPWP applications submitted by CenterState to SMTC for consideration. First dealt with communicating that Downtown and surrounding communities are open for business during the construction of I81. This would include a marketing campaign and heightened communications with stakeholders. The second request was to analyze the lack of convenient accessible points between BL81 and South Salina Street, including development of challenges related to geometry and grade, methods for attracting and managing increased traffic volumes entering the South Side neighborhood from the proposed business loop 81. Both applications were withdrawn after discussion of the NEPA process and potential confusion it could cause in the community while the I81 project is being developed.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
11/06/2019	City of Syracuse & Loretto	I-81 Outreach Center	7	This stakeholder engagement was a follow up to the DOT and Loretto meeting held on October 16, 2019. The city was briefed on the possible new driveway entrance off Route 173 that could necessitate the closure of Fillmore Street to all vehicles except emergency vehicles. No commitments from the City was provided that this access point would be approved. A brief discussion was had concerning the Dialysis Center next to Irving Avenue and between Erie Boulevard and Water Street. A request to make Water Street one way between Crouse and Irving was made by Peter Muserlian.
11/07/2019	National Grid	NYSDOT Region 3 office, 7 th floor Admin Training conference room	12	Briefing on the content of the pDEIS with an emphasis on the National Grid impacts associated with the Community Grid Alternative. Feedback: a better understanding of the magnitude of utility impacts was discussed and the need to work collaboratively to resolve relocation of electric and gas utilities. Future meetings will be set up next year to go corridor by corridor to coordinate when utilities will need to be relocated.
11/15/2019	City of Syracuse	City Hall	7	Mayor and Commissioner Meet and Greet
11/21/2019	MACNY	MACNY Board Room, 5788 Widewaters Parkway Dewitt, NY	15	Briefing on the content of the pDEIS. Feedback: Use of phone technology to direct travelers during construction and after. Construction timeframes.
12/04/2019	Centro	I-81 Outreach Center	7	Discussion concerning transit related to the Community Grid. Centro does not utilize I81 Viaduct very often and is most focused on getting buses under the Viaduct to serve the Downtown, University Hill, South Side, Destiny, etc. Centro supports the CG alternative as the best solution for their operations and community at large. Discussed Park-N-Ride locations during construction to minimize travel impacts for commuters getting to work. Any Park-N-Ride facilities included for the project would be incorporated into our contract with the contractor to provide services. New bus purchases typically take 18 months, and staffing new services is becoming more difficult due to the lack of drivers. Discussed the construction schedule and that there will not be major construction to I81 & I690 in downtown Syracuse during Phase I. Any Park-N-Ride assistance would be in Phase II. Centro was going to look at the plans to see if they concur with the transit stops.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
12/13/2019	DEC & Onondaga County Water & Environmental Protection (OCWEP)	NYSDOT Region 3 office, 7 th floor Admin Training conference room	12	Overview of project and where we are in the project development process. DOT presented plan for addressing stormwater deficiencies on the project. Agreed to follow up in 2020 to review and discuss conflicts within specific project locations. Need to discuss opportunities for future independent projects to connect to our stormwater system.
2/12/2020	DEC & Onondaga County Water & Environmental Protection (OCWEP)	Syracuse State Office Building	8	Discuss proposed stormwater and sanitary sewer design issues. This meeting was a follow up from the 12/13/19 meeting to discuss specific stormwater impacts on the I-81 Viaduct Project.
2/20/2020	City of Syracuse	Syracuse State Office Building	5	Review parking implications as a result of the build alternatives included in pDEIS. Discuss strategy for hosting Big Table meeting on jobs. Review stormwater sanitary impacts as a result of build alternatives.
2/28/2020	CNY Area Labor Federation, AFL- CIO	Syracuse State Office Building	3	Met with the president of CNY Area Labor Federation, AFL-CIO to discuss both build alternatives and associated labor benefits for moving forward with the project.
3/12/2020	Southside Group Centerstate	Syracuse State Office Building	3	Meeting to discuss formation of a newly formed Southside group to work with DOT. The Southside group would discuss potential gateway features at the MLK intersection with Business Loop 81, focus on southside aesthetics and help DOT to further engage the community on the southside.
3/13/2020	City of Syracuse	Syracuse State Office Building	10	Discuss proposed combined sewer separation, stormwater drainage system, impacts to the City of Syracuse's drainage system and future opportunities for additional combined sewer separation.
3/18/2020	City of Syracuse	Syracuse City Hall	8	Collaboration between DOT and the City of Syracuse on the Job Big Table initiative.
4/28/2020	SMTIC Policy Committee	Webex	30	Project status update for SMTIC policy members. Update the MPO's Transportation Improvement Program to reflect up to date expenditures and anticipated cost for the next two federal fiscal years. TIP and STIP updated as a result of this engagement.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
5/11/2020	Onondaga County Water & Environmental Protection (OCWEP)	Online	10	Discuss proposed stormwater and sanitary sewer design issues and potential conflicts with existing underground facilities.
5/18/2020	National Grid	Online	18	Discuss potential electric and gas utility conflicts within the southern I-81/I-481 interchange. National Grid discussed the lead time necessary to relocate major electrical lines adjacent to the Interstate 81 and 481 corridors.
5/20/2020	City of Syracuse City Council	Webex	30	Overview of the project status and where DOT is in the project development process. A question and answer session was also held with City Council members.
5/20/2020	NYS Department of Environmental Conservation	Online	18	Overview of the NYSDOT projects in Central New York including the I-81 Viaduct Project.
7/16/2020	Southside Group Centerstate City of Syracuse	Online	5	Further collaboration with Centerstate/City in the establishment of a Southside working group.
7/17/2020	Northside Up Group	Online	3	Discussion with Northside Up group on the comments made on the pDEIS.
7/22/2020	City of Syracuse	Webex	5	Follow up discussion on parking implications as a result of the two build alternatives.
8/13/2020	City of Syracuse Big Table Overview	Zoom Call	175	Key policy decisions, actions needed to maximize job training, local hiring initiatives. Presentations made from elected officials, DOT, job advocacy groups, labor, and others.
8/26/2020	Onondaga County Water & Environmental Protection (OCWEP)	Online	9	Discuss ability of the proposed NYSDOT stormsewer to handle additional stormsewer separation projects progressed by the county/city and to discuss potential conflicts that the project may have with the existing Butternut St and Burnet Ave combined sewer trunk lines.

Date	Organization/ Individuals	Location	Estimated Attendance, if available	General Purpose of Meeting
9/2/2020	City of Syracuse	City Hall Conference Room	10	Follow up discussion on jobs initiative collaboration with the City and DOT on the next steps related to the job's initiative. New committees will be established to progress this initiative.
10/16/2020	City of Syracuse - Big Table Funding Group	Webex	10	City has developed work groups around the I-81 Big Table to further plan and implement the Syracuse Build Initiative. Those work groups include CWA/PLA, DBE certification, Apprenticeship/Traineeship and Funding workgroup.
10/26/2020	City of Syracuse - Big Table Funding Group	Webex	10	City has developed work groups around the I-81 Big Table to further plan and implement the Syracuse Build Initiative. Those work groups include CWA/PLA, DBE certification, Apprenticeship/Traineeship and Funding workgroup.
10/29/2020	City of Syracuse - Big Table Funding Group	Webex	10	City has developed work groups around the I-81 Big Table to further plan and implement the Syracuse Build Initiative. Those work groups include CWA/PLA, DBE certification, Apprenticeship/Traineeship and Funding workgroup.
11/5/2020	Assemblyman Bill Magnarelli	Webex	8	Discussed Job Initiative possibilities within DOT contracts. DOT requested to engage with Department of Labor on creation of Apprenticeship and Training Programs.
11/5/2020	Moving People Transportation Collation	Webex	20	DOT participated on a Webex call with the members of the MPTC. Discussed comments made by the MPTC on the pDEIS.
12/14/2020	City of Syracuse - Big Table Funding Group	Conference Call	4	Discussion between the City and State on the progress made related to the City's Job Initiative.
12/18/2020	Northside Up Coalition	Online	2	Discussion with the chair of the Northside Up Group related to their group's comments on the pDEIS.

Date	Organization/ Individuals	Location	Estimated Attendance, if Available	General Purpose of Meeting
2/12/2021	City of Syracuse I-81 Working Groups	Webex	2	DOT and City of Syracuse are establishing 5 work groups to assist both parties in an effort to collaborate on a number of topics. The Work Group committee is made up of employees from the City and State and will focus on Public Information, Public Safety, Infrastructure, Land Use/Aesthetics and Transportation. These work groups are anticipated to continue into the construct phases.
3/5/2021	Senator John Mannion	NYSDOT Region 3, 7th Floor Planning Conf Rm & Webex	10	I-81 briefing of the new Senator Mannion and his staff. Senator is supportive of the Community Grid Alternative. Discussed proposed work along the I-481 corridor, labor, DBE, and CNY job initiatives.
3/31/21	Consulting Party Section 106 Meeting	Webex	30	Consulting Party meeting to review Section 106 process and results.
4/16/21	City of Syracuse I-81 Working Group - Transportation	Webex	10	Working Group April meeting. Discussed city and state maintenance and utility agreements. Betterment process for water and sewer work. Briefly discussed detour routes during construction and how DOT plans to implement construction projects downtown.
4/19/21	I-81 Jobs Big Table Session Three	Webex	75	Update on Syracuse Build Initiative.
4/23/21	City of Syracuse I-81 Working Group - Land Use/Aesthetics	Webex	10	Working group April meeting. Discussed public art at key entrances and intersections. Streetscape and gateway designs were also discussed.
5/4/21	Syracuse City School District	Webex	6	MLK School operation during construction. Pedestrian/bike/vehicle/transit access to school during construction.

Date	Organization/ Individuals	Location	Estimated Attendance, if Available	General Purpose of Meeting
5/25/21	Syracuse Housing Authority	SHA Conference Room/Webex	17	The purposes of this meeting were to provide an update on the I-81 Viaduct project, discuss potential surplus transportation right-of-way, and discuss other topics as identified by the Syracuse Housing Authority. The meeting focused primarily on the Community Grid Alternative and associated potential effects to the Syracuse Housing Authority, Pioneer Homes, Toomey Abbott and the Southside.
5/26/21	Central NY Chapter of NY Civil Liberties Union	NYS DOT R3, 7 th floor Conference Room/Webex	15	The purposes of this meeting were to provide an update on the I-81 Viaduct project, discuss potential surplus transportation right-of-way, and discuss topics from the CNYCLU's "Building a Better Future" document. The meeting focused primarily on the Community Grid Alternative and associated potential effects to the local environmental justice communities, such as those within Pioneer Homes, STEAM at Dr. King Elementary School, and the Southside.
