Dear Department of Transportation,

When planning the reconstruction of I-81, please take my following comments into consideration:

The residents along the viaduct have to have a Comprehensive transportation plan during construction to not hinder their right to free movement around the city. Children ability to safely get to the school within the construction zone.

The residents along the viaduct need to have access to a mitigation fund to address adverse health conditions that may arise from the pollutants that naturally occur during construction. The census tracts along the viaduct and w/ in the construction zone have high rates of asthma, COPD, and other respiratory issues.

DOT must create a relocation plan.

Dear Department of Transportation,

When planning the reconstruction of I-81, please take my following comments into consideration:

How long is the taking of the 81 viaduct going? In order for cars & people to cross cross wise

would not be better to take down 3 blocks & finish that part before taking down the whole thing at once - not allowing

7 cars people & cars to cross - lengthwise.

Tell us the time wise schedule of it, each section?

Dear Department of Transportation,

When planning the reconstruction of I-81, please take my following comments into consideration:

How much steel is in present 81 Viaduct - that can Reused in another part of the city to make a "hi rise"

like the NYC Hi Line - for views of the city also it can be used for beginner bicyclists to practice or if it had a

ramp into a park could be used for winter sledding downhill

Dear Department of Transportation,

When planning the reconstruction of I-81, please take my following comments into consideration:

Make at least 2 cross walks for people at a level of 3rd floor using sted make a long cross walk

that goes from the 3rd floor of a building - across the top the community grid and ~~crossing into~~ ~~from~~ the 3rd ~~floor~~ of a ~~building~~ building across the grid

the building can have elevators to lift people to 3rd floor

Maybe intersection could be near upstate ~~Hospital~~ & also near COE & center of Excellence etc

Dear Department of Transportation,

When planning the reconstruction of I-81, please take my following comments into consideration:

Don't design / build for the ~~past~~ century's needs. Huge retail malls ?!? Personal car use ~~in~~without mass transit Uber/Lyft options ?!?

Erie Boulevard also was built to serve Shopping Town Mall & the "Burbs" and to support drivers of personal cars. Where's Shopping town now?

Trashing any central city to benefit suburban investors helps only a few stakeholders, not the majority of taxpayers

21st Century Best Practices include rapid rail, Rapid Bus Transit, etc. Look at the Rest of the World!!

Let's talk about I-81.

Dear Department of Transportation,

When planning the reconstruction of I-81, please take my following comments into consideration:

Elevated highways through cities hurt cities immensely in many ways. The city of Syracuse is the hub of Central NY and needs to maximize opportunities by taking down the viaduct.

The least cost alternative actually provides the most benefits as well.

Suburbs will benefit the most from the alternative that benefits the City of Syracuse the most.

I support the Community Grid and I live in the Syracuse suburbs.

Dear Department of Transportation,

When planning the reconstruction of I-81, please take my following comments into consideration:

The pioneer homes is one of the first public Housing built in the United States.. you have elderly tenants who's been Living here from day "1" of opening... What are they supposed to do about, moving, Housing where are they going to live... How are you going to accomodate every tenant... We don't want our Neighborhood destroyed looking like Kennedy Square.. How will people get to work... "People who don't Live in our Community is deceding what to do with it"... I would like to see ~~things~~ positive things people, in our neighborhood for Children, adults and Seniors

I feel D.O.T Should pay for moving, Security deposit and rent for 3 years D.O.T need to accomodate people And pays for hospital bills from the

Dear Department of Transportation,

When planning the reconstruction of I-81, please take my following comments into consideration:

Soil and dust remediation for properties south of MLK adjacent I-81.

nyclu.org/i81 | #LetsTalkAboutI81

Pedestrian crossing of Almond Street provided at Monroe Street.

nyclu.org/i81 | #LetsTalkAboutI81

This is a really important opportunity for reparations in our community.

The children of suburban families will forget the impact of a grid in one generation, while the children of I-81 urban neighborhoods will have differential life expectancies based on this crucial decision.
